OBJECTIVES OF SSIP

• Developing student centric **innovation and preincubation ecosystem for students** (IPIES)

• Creating environment for creativity to flourish and an end-to-end support system in educational institutions to allow ample support to ideas for better execution

• Build internal capacity of educational institutions and key components of the innovation ecosystem to enable deployed processes to make sustainable impact at scale

• Create pathways for mind to market by harnessing and handholding projects/research/innovation/ideas of students in Gujarat

• Creating and facilitating sectoral regional innovation efforts in state around educational institutions

• Create a common platform to showcase, support and upscale innovations for motivating stakeholders as well as for an opportunity to create value for money and value of many

• Leverage public system initiatives at state and central level, academia, industries and by other ecosystem stakeholders/Domain experts and institutions to make an inclusive effort
